

## **Welcome to our Safety Briefing**

### **Welcome and thank you for choosing Canoe the Murray!**

**You are entering this activity at your own risk so be aware that your actions on the river are and will be your responsibility.**

1. You must stay in the middle of the river at all times. Maintain a clear vision of 50 metres ahead of you.
2. Life jackets must be worn at all times
3. If you fall out don't panic the life jacket will keep you afloat
4. All personal belongings you choose to take on the trip is at your own risk .We do not take any responsibility of lost or damaged items.
5. In case of an emergency ring 000
6. You must keep right at all times floating down the river
7. Keep a clear vision 50m away from logs and snags under the surface
8. First set of bridges you come across is 20 minutes away from where we pick you up (the boot ramp)
9. There are trees and snags under the surface of the water. You can identify these by the Formation of a V of rapids behind the object. Keep clear of this at all times.
10. There are three inlets on your left as you paddle down the river. You must maintain right all the way.
11. Be mindful of the other members of your group.

For those amongst you who have never paddled before please refer to the demonstration and seek assistance from the operator if you have any questions about the briefing or any other concerns.

We hope you enjoy your canoeing experience on the Mighty Murray River and look forward to seeing your smiling faces later today!

PS – A quick visit to the toilets is a must before you leave!

Thanks for joining us today.
